

Plant Cleaner and Enhancer

Use to enhance appearance and salability of poinsettias and other fleshy foliage plants like Christmas cactus. When applied as recommended, **Poinsettia Kleen™** promotes a lush, clean and healthy look that is preferred by customers and can generate additional sales.

SHAKE CONCENTRATE CONTAINER THOROUGHLY BEFORE USE

Directions for use: Mix 1 to 2 ounces of **Poinsettia Kleen™** concentrate into 1 gallon of clean water. For heavily stained plants mix at 2.5 to 3 ounces per gallon. Spray plant foliage to runoff. Allow to air dry. Should not be used in direct sun applications.

Keep Away from Children! Do not drink!
Use appropriate eye and safety protection when handling.

OTHER CAUTIONS: Always pre-test this product on sample plants and containers for long-term compatibility and other effects *before* using on large numbers of plants
